Linked: How Everything Is Connected to Everything Else and ...

Let's look at some similar terminology: linked, associated, related, allied, coupled, joined, attached, fixed, tied, bonded, united, and coalescent. When it comes down to it, no single word can define the concept of everything being connected to everything else. Even the word "interdependent" falls short. Even the term "quantum entanglement" doesn't seem to do it justice.

Interdependent Universe: Everything is Connected

As the subtitle of the book says Linked reveals 'How Everything is Connected to Everything Else and What It Means for Business, Science, and Everyday Life'. As Barabási writes in the Introduction, Linked '...has a simple aim: to get you to think networks. It is about
